

Jim Hundley

Jim has been an Old Crow since 1975 and has served on the Dixie Crow Board of Directors from 2010-2016, 2017-2023 and 2024-2025. Jim also served as Dixie Crow Chapter Vice President from 2012 to 2016, and he has served on multiple committees, including the EW Exhibit Committee for the Museum of Aviation and the Dixie Crow Symposium Committee. Jim was inducted into the AOC Technology Hall of Fame in 2002 and was awarded the Dixie Crow Exemplar Award in 2023.

Jim has over 50 years of experience in engineering and managing Air Force systems. His various assignments throughout his 33-year Air Force career were either directly involved in electronic warfare or management that delivered the infrastructure necessary for the EW mission to succeed. His assignments included lead engineer/Unit Chief for the APR-38 Advanced Wild Weasel; Deputy Chief, Systems Division, Inter-Command EW Management Directorate at Wright Patterson AFB; Chief, Information Systems Management and Support Division for the 1926th Communications Squadron at Robins AFB; and multiple assignments in logistics, communications and information resource management at USAF Headquarters.

Following his Air Force career, Jim joined the Mercer Engineering Research Center (MERC) in 2008, where he serves as the Senior Director of Engineering and Programs.

Jim earned a bachelor's degree in electrical engineering from Georgia Tech in 1975 and master's degrees in business administration and management information systems from Georgia College in 1984/1992. He completed Air War College (seminar) in 1993.
